Before-Your-Visit Question Checklist

Bring this list to your appointment in Korea so nothing you want to ask gets missed.

Before you go

- [ ] Passport / alien registration card
- [ ] Previous medical records and test results (if any)
- [ ] List of current medications and allergies
- [ ] Notes on the treatment or symptoms you want to discuss
- [ ] Appointment details (hospital, department, time)

Ask your doctor

- [ ] What exactly is this treatment, and why do you recommend it?
- [ ] Are there other options?
- [ ] What are the possible risks and side effects?
- [ ] How long is recovery, and what limits will I have day to day?
- [ ] What precautions and restrictions apply afterwards?
- [ ] What does the fee include, and what costs extra?
- [ ] When and how often are follow-ups? Whom do I contact after returning home?
- [ ] Have I understood everything in the consent form?

Before you leave the room

- [ ] Repeat the key points in your own words and ask for confirmation
- [ ] Write down the follow-up date and contact details
- [ ] Confirm instructions for medication or aftercare

Notes

This checklist is a communication aid, not medical advice. Follow your doctor's explanations for treatment.
